**M**ore than a practical book about fitness, nutrition, and proper physical development for kids and families — though it certainly is that — this is an important and exciting book about social skills, the love of accomplishment, and what it means to make choices that lead to a happy and healthy life. Because at My Gym we are continually searching for tools to make fitness and growth fun, my hat is off to Dr. Keith Kantor and his entire team at Green Box Foods, all of whom, in their writing and their work, continue to put families first.”

-Cory Bertisch, CEO, My Gym Enterprises
